

## Contents Volume 123

- 1 A preliminary survey of cycloheximide-resistant airborne fungi in Turin, Italy  
V. Filipello Marchisio, C. Cassinelli, A. Piscozzi, V. Tullio & P. Mischiati
- 9 Treatment of systematic candidiasis in a neutropenic murine model using immunoglobulin G bearing liposomal amphotericin B  
T. Belay, D.R. Hospenthal, A.L. Rogers & M.J. Patterson
- 19 Influence of different levels of ammonium concentrations on cell growth, RNA and protein production by *Candida albicans*  
V. Vidotto, S. Benech, A.M. Maina & M. Bruatto
- 27 Imazalil resistant *Penicillium* isolates from Spanish apple packinghouses  
I. Viñas, N. Vallverdu, S. Monllao, J. Usall & V. Sanchis
- 35 Influence of iturin A on mycelial weight and aflatoxin production by *Aspergillus flavus* and *Aspergillus parasiticus* in shake culture  
M.A. Klich, A.R. Lax, J.M. Bland & L.L. Scharfenstein Jr
- 39 Book reviews  
R.L. Hopper / E.S. Beneke
- 41 IML Descriptions of Fungi and Bacteria, Set 117, Nos 1161-1170  
E. Punithalingam
- 65 Identification of the perfect state of *Cryptococcus neoformans* from 195 clinical isolates including 84 from AIDS patients  
N. Madrenys, C. De Vroey, C. Raes-Wuytack & J.M. Torres-Rodríguez
- 69 Antibody raised against extracellular proteinases of *Sporothrix schenckii* in *S. schenckii* inoculated hairless mice  
T. Yoshiike, P.-C. Lei, H. Komatsuzaki & H. Ogawa
- 75 High detection rates of cryptococcal antigen in pulmonary cryptococcosis by Eiken Latex Agglutination test with pronase pretreatment  
S. Kohno, A. Yasuoka, H. Koga, M. Kaku, S. Maesaki, K. Tanaka, K. Mitsutake, H. Matsuda & K. Hara
- 81 Effects of proteinase inhibitors on the cutaneous lesion of *Sporothrix schenckii* inoculated hairless mice  
P.-C. Lei, T. Yoshiike & H. Ogawa
- 87 Evidence for growth of *Sporothrix schenckii* on dead but not on living sphagnum moss  
X. Zhang & J.H. Andrews
- 95 New milk medium for germ tube and chlamydoconidia production by *Candida albicans*  
S. Jitsurong, S. Kiamsiri & N. Pattararangrong
- 99 In vitro susceptibility of *Pityrosporum ovale* (*Malassezia furfur*) to human androgenic steroids  
J. Brasch
- 105 Effect of glucose starvation on germ-tube production by *Candida albicans*  
M. Bruatto, M. Gremmi, A. Nardacchione & M. Amerio
- 111 *Pythium aphanidermatum* root rot of pawpaw (*Carica papaya* L.) in Nigeria  
H.O.A. Oluma & A.O. Oladiran
- 117 Effects of *Fusarium solani* naphthazarin toxins on the cytology and ultrastructure of rough lemon seedlings  
D.S. Achor, S. Nemec & R.A. Baker
- 127 Computer software review  
D.M. Lupan
- 129 Book reviews  
J.L. Richard / L. Ajello
- 131 Agarose gel immunodiffusion tests with the addition of PEG (polyethylen glycol 6000) for the diagnosis and serological follow up of paracoccidioidomycosis infection  
M.H.H. Forjaz, O. Fischman, L. Zaror & N.F. Yonashiro
- 135 Comparative efficacy of amphotericin B, clotrimazole and itraconazole against *Aspergillus* spp.: An in vitro study  
Y.H. Hahn, D.G. Ahearn & L.A. Wilson
- 141 Modulation of I-A and I-E expression in macrophages by T-suppressor cells induced in *Cryptococcus neoformans* infected rats  
H.R. Rubinstein, C.E. Sotomayor, L.A. Cervi, C.M. Riera & D.T. Masih
- 149 An experimental model of ascending pyelonephritis due to *Candida albicans* in rats  
S. Tokunaga, M. Ohkawa & S.-i. Nakamura
- 155 A potent specific inhibitor of 6-phosphogluconate dehydrogenase of *Cryptococcus neoformans* and of certain other fungal enzymes  
W.G. Niehaus & T. Flynn
- 159 *Sporothrix eucalypti* (sp. nov.), a shoot and leaf pathogen of *Eucalyptus* in South Africa  
M.J. Wingfield, P.W. Crous & W.J. Swart
- 165 Effect of aflatoxin B<sub>1</sub> on germination index and seedling growth in wheat varieties  
K.K. Sinha & A.K. Sinha

- 171 Mortality in broiler chicks on feed amended with *Fusarium proliferatum* culture material or with purified fumonisin B<sub>1</sub> and moniliformin  
T. Javed, G.A. Bennett, J.L. Richard, M.A. Dombrink-Kurtzman, L.M. Côté & W.B. Buck

- 185 Embryopathic and embryocidal effects of purified fumonisin B<sub>1</sub> or *Fusarium proliferatum* culture material extract on chicken embryos  
T. Javed, J.L. Richard, G.A. Bennett, M.A. Dombrink-Kurtzman, R.M. Bunte, K.W. Koelkebeck, L.M. Côté, R.W. Leeper & W.B. Buck
